If I use the services, which presupposes a contract for the telephone connection, they will be automatically cancelled on the date of activation (e.g. Internet access, Voice over IP, subscribed special rates). This may result in my previous providers billing me additionally for contractual opt-out charges. To avoid these additional costs, I must cancel all additional contracts in good time, i.e. by complying with notice periods and canceling the phone line of my previous providers by the latest to end on the date of activation. TalkTalk will inform me later of the precise date and time of the switchover. Provision of service by my previous provider will end on this date.

The General Terms and Conditions (GTC) of TalkTalk Ltd. apply. With my signature, I acknowledge that I have received, read and accepted the GTC, the Internet use guidelines and the subscription conditions for Call & Surf. I also confirm that the details I have given are correct. This Call & Surf registration form does not release me from obligations made to my previous provider (such as minimum term of contract, payment of bills). I agree that TalkTalk has the right to set and change credit limits as well as to block the service, should these limits be met or should the invoices not be paid by the due dates. The actual speed depends on my telephone line (e.g. distance to the nearest exchange) and may be slower than the listed speed. I will be informed of the precise date of activation of Call & Surf service with the order confirmation. This contract shall commence, subject to a positive credit check done by TalkTalk, with the date of my signature. Billing begins at the time of activation of the service(s) and is at the same time the beginning of the minimum contract period. Handwritten changes not allowed.

Please send us the signed contract **together with a valid ID copy** (Swiss passport/ID card, legitimacy card or working permits B/C/L).
