### Higher speeds are available upon request.

The actual speed depends on your telephone connection. In the event of cancellation, the modem and TV box must be returned. Otherwise, a fee of CHF 300.– (Fiber: CHF 350.–) will be charged. After the minimum contract period has expired, the contract may be terminated with 2 months' notice to the end of a month. The provisions of the tariff sheet and the General Terms and Conditions of TalkTalk AG apply. One-time activation fee: CHF 99.–. If the TV product is activated at a later date than the internet connection, the TV activation date will be considered the new start date for the minimum contract period. From that point onward, a new 24-month term will apply. Billing: Prices are in CHF including VAT. Intended for normal private use only. If the services of an electrician are required, the customer must arrange the appointment independently. Any additional electrician costs must be covered by the customer. The delivery of an invoice by postal mail is subject to a fee of CHF 3.95 per invoice. Postal charges for cash payments made at a post office counter will be charged subsequently. Prices are subject to change. By signing, I confirm that I have read and accepted the subscription conditions and the corresponding total costs. I confirm that I am not under guardianship and that I have full legal capacity. I agree to the General Terms and Conditions of TalkTalk AG and the provisions stated on the tariff sheet and confirm that all information provided by me is truthful and correct. I acknowledge that I am liable for all costs arising from the use of VoIP under this contract. I further acknowledge that TalkTalk AG reserves the right to set and modify credit limits and to block the line if ongoing costs exceed the limit or if I am in arrears with payments. Billing begins upon activation of the service(s), which also marks the start of the minimum contract period.
